Account Holder: ISB Prime Savings Account Disclosure

Account Opening Date:

Account Ownership:

Account Purpose: Consumer (Personal, Family, Household Purpose)

Rate Information: This Account is an interest bearing account. If the average daily balance is less than \$15,000.01, the interest rate paid on that portion of the balance will be 1.49%. The annual percentage yield for this tier will be 1.50%. If the average daily balance is more than \$15,000.00 the interest rate paid on that portion of the balance will be 0.75%. The annual percentage yield for this tier will range from 1.50% to 0.75%.

The interest rate and annual percentage yield may change. At our discretion, we may change the interest rate on the account daily. Interest begins to accrue on the business day you deposit noncash items (for example, checks). Interest will be compounded monthly and will be credited to the account monthly.

Balance Information: We use the average daily balance method to calculate interest on your account. This method applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period. We will use an interest accrual basis of 365 (or 366 in leap year) for each day in the year. You must maintain a minimum average daily balance of \$1.00 to obtain the disclosed annual percentage yield. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

Limitations: You must deposit \$100.00 to open this account. If you have an existing checking or savings or will be opening a new savings, then you may open with \$50.00. This account is only available to customers with an ISB Prime Checking Account.

In order to qualify and receive the higher interest rate of stated interest (1.50% APY for balances up to \$15,000.00 and .75% for balances over \$15,000.00), your ISB Prime Checking Account needs to qualify for the 2.50% APY for the month.

If your account qualifies for the higher interest rate, we will automatically reimburse fees imposed at ATMs up to a maximum of \$4.99 per fee. Your account will automatically be credited by the 5th of the following month. For any charge above \$4.99, you will need to bring in your receipt(s) to receive reimbursement.

If one or any of the above listed items are not met each statement cycle a rate and APY of 0.60% will be paid on all balances. You may make six (6) transfers from your account each four (4) week or similar period, if by preauthorized or automatic transfer, or telephone (including data transmission) agreement, order or instruction or by check, draft, debit card or similar order (including POS transactions), made by the depositor and payable to third parties. Transfers and withdrawals made in person, by messenger, by mail or at an ATM are unlimited.

Account Fees: If average daily balance falls below \$500.00, the account will be charged a monthly service fee of \$1.00 (plus tax). If under the age of 18, the monthly service fee will be waived. Overdraft fees apply to overdrafts that may be created by check, in-person withdrawal, ATM withdrawal, or other electronic means. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.
